

VIRGINIA MASON MEDICAL CENTER PATHOLOGY

Virginia Mason Franciscan Health (VMFH) is fulfilling our vision of transforming healthcare by expanding our collaborative care team. We have an opportunity for a **1.0 FTE** head and neck surgical pathologist physician in desirable **Seattle**, Washington. Join the Virginia Mason Medical Center (VMMC) division of pathology and laboratory medicine with a regional and national reputation for excellence in patient care.

Aspects of the Surgical Pathologist Physician role;

- **Position information;** Virginia Mason Medical Center in Seattle WA is recruiting for a board certified or board eligible pathologist to join our subspecialist team of pathologists. AP or AP/CP pathology with subspecialty fellowship training in head and neck pathology. This is a great opportunity to join a busy pathology practice with a complex case mix, strong interdepartmental relationships, and multispecialty physician support including a comprehensive cancer center. The practice consists of general surgical pathology with opportunities for clinical pathology service and clinical research depending on interest.
- **Team based approach;** VMMC has a long, successful history of collaborative Team Medicine. The collegial relationships and pursuit of excellence are what separate us from competitors and create a fulfilling and challenging work environment. There are opportunities for continuing education, participation in teaching, multispecialty tumor boards, and monthly clinicopathologic conferences.
- **Learning opportunities;** VMMC Pathology also fosters opportunities for leadership and growth potential, based on your skills and interests.
- **Innovation;** The VMMC culture promotes new approaches, best practice standards and continual improvement for both the patient and team member safety and experience using our Virginia Mason Production System with the vision of being the quality leader in healthcare.
- **Compensation;** A competitive compensation model that incentivises clinical productivity, academics, teamwork and the highest quality care.

BE/BC Surgical Pathologist.

- Ability to obtain a medical professional license in the State of Washington
- AP/CP or AP Pathologist with a strong surgical pathology background and subspecialty training in head and neck pathology.

Team Details

At Virginia Mason Medical Center our goal is to empower people to live healthy lives. That's why we focus on health education and preventive medicine, in addition to comprehensive and compassionate medical care. Laboratory testing, diagnostic screenings, occupational medicine, and much more are all available. Our caring team members enjoy building relationships with our patients.

About Virginia Mason Franciscan Health

Our integrated health system has nearly 1,500 hospital beds including Bailey-Boushay House, the first skilled-nursing and outpatient chronic care management program in the United States designed specifically to meet the needs of people with HIV/AIDS; Benaroya Research Institute, internationally recognized for autoimmune disease research; and Virginia Mason Institute, a teaching organization which coaches health care professionals and others around the world in the Virginia Mason Production System, an innovative lean management method for improving quality and safety.

Diversity, Equity and Inclusion at Virginia Mason Franciscan Health

We commit to fostering an equitable, diverse and intentionally inclusive environment - we strive for all to feel valued, respected and that they belong. Our unique life experiences and backgrounds make our patient care extraordinary. Our diversity fuels our culture of innovation and transformative health care. Our differences are our strengths and inspire a promising future. Living in the Pacific Northwest Located in the Pacific NW, Seattle is an area with a mild climate year round and close to the great outdoors where we enjoy an abundance of activities with our close proximity to the waters of Puget Sound and surrounding mountains. City life and cultural activities are also thriving. With a variety of neighborhoods and areas to work and live, there are many choices for the type of lifestyle you'd like to enjoy.

We are an equal opportunity/affirmative action employer.
